EDUCATION

Pune Institute of Computer Technology   **Nov. 2022 – May 2026**
Bachelor of Engineering in Computer Engineering   *CGPA:8.89*

Matoshri College of Engineering and Research Center, Nashik   **June 2020 – May 2022**
HSC   *Percentage: 84.67%*

EXPERIENCE

FireAi   Nov 2024 – Jan 2025
Remote Intern   *Mumbai, Maharashtra*

- Integrated RESTful APIs for the admin portal using **Role-Based Access Control (RBAC)** to secure unauthorized access.
- Built an interactive **table formatter** with **server-side pagination**, cutting redundant API calls .
- Contributed to the **client onboarding** workflow by Implementing a **Data relationship visualizer** using React-Flow, enabling intuitive exploration of database **table relationships.**
- Fixed bugs in **Apache ECharts dashboards** leading to accurate data storytelling.

PROJECTS

EventHub | *TypeScript, Next, MongoDB,Clerk*

- Built a **ticket booking platform** for events where users can create events as well as explore and register for others, with event tracking on their profiles.
- Added real-time data sync using **Clerk webhooks** with **MongoDB**, and integrated **Stripe** for payments (test mode).
- Designed **category-based filters** and a responsive UI for easy event browsing using pagination, with secure login and consistent app state.

FineJobs | *React JS, Express JS, NodeJS, MongoDB, JWT, Multer*

- Enabled job seekers to apply for jobs and employers to post openings and manage applicants with clear role-based access.
- Engineered core features including job search/filtering, secure **resume uploads** and application tracking.
- Built an employer dashboard with **CSV export**, secured auth for user data, and intuitive User Experience for job discovery.

TECHNICAL SKILLS

Languages: C++, Java ,Python , SQL, JavaScript, TypeScript
Frameworks: React, Next, Express, Node.js
Developer Tools: Git, GitHub, VS Code, PyCharm, IntelliJ,PostMan

CO-CURRICULAR ACTIVITIES

PICT Finance Society (PFI-SOC)   **April 2024– April 2025**
Vice President

PICT ACM Student Chapter   **Jan 2024 – Present**
Student Member

ACHIEVEMENTS AND CERTIFICATIONS

Problem Solving: Solved more than **300** problems on LeetCode
Certification: AWS Cloud Practitioner Essentials
